

Dear guest,

In all courses which are marked with this -Logo, the ingredients mostly originate from the local countryside. This protects not only the environment, in that only short distances have to be taken into account, but the unique culture of the countryside can be used by the farmers and preserved. This is regionality, which can be seen over the edge of the plate. In Baden-Württemberg there are excellent wines growing and thriving. These superb wines are produced by plenty of excellent wine-growers in Baden and Württemberg and offer such a variety that new kinds can be found every day. With the decoration "Haus der Württemberger-Weine" we can show our guests our wine competence. The DEHOGA Baden-Württemberg, together with the Badischen and the Württembergischen Weinbauverband inspects the quality standards and distinguishes the various businesses.

Yours family Vogt
